

**11—106.5(8A) Use of competitive selection.** State agencies shall use competitive selection to acquire services from private entities when the estimated annual value of the service contract is equal to or greater than \$5,000 or when the estimated value of the multiyear service contract in the aggregate, including any renewals, is equal to or greater than \$15,000 unless there is adequate justification for a sole source or emergency procurement pursuant to rule 106.7(8A) or 106.8(8A) or another provision of law.

**106.5(1)** When the estimated annual value of the service contract is equal to or greater than \$50,000 or the estimated value of the multiyear service contract in the aggregate, including any renewals, exceeds \$150,000, a state agency shall use a formal competitive selection process to procure the service.

**106.5(2)** When the estimated annual value of the service contract is equal to or greater than \$5,000 but less than \$50,000 and the estimated value of the multiyear service contract in the aggregate, including any renewals, does not exceed \$150,000, a state agency, in its sole discretion, shall use either a formal or informal competitive selection process to engage a service provider.

**106.5(3)** The requirement to use competitive selection to select a service provider when the estimated annual value of the service contract is equal to or greater than \$5,000 or when the estimated value of the multiyear service contract in the aggregate, including renewals, is equal to or greater than \$15,000 applies even when the state agency purchases services from a private entity and designates the contract it enters into with the private entity as a 28E agreement.
